About a week ago a seal on a Missouri Patific car was broken, the car entered, and 201 bottles taken from it. The police were set to find who had done the thieving. About the same time two young fellows were brought in charged with the offense, which they claimed not to have done. They were let out on their promise to show who had done the work, and yesterday they told Detective Harry Sutton that there was a boy who could tell about it. This boy was Sam Shears who was standing in the lot just south of the city building watching a colored man ipolding zincs for electric batteries.

When Sam Shears was brought into the station some sinck work was done by the officer which meantly the other restrictions.

Ames Holly was not brought in. He was the boy who Shears induced to belp him with the Missouri Pacific car. He got into the car after the seal was broken and handed cut the bottles is what is alleged. This is Ames' first departure from straight paths but is a severe lesson.

Chayton Robinson is charged with aiding in breaking into the wholesale fruit house on North Market street and taking basauss and eatables from it.

Tom Laws has been placed in safe keeping on the ground that he is an accomplice and received stolen goods. Shears says that he sold him a pair of pants.

These pants and other goods amounting in all to over \$25 worth were taken from Jacks' clothing store which had been robbed some time back. When arrested Sam wore a pair of small checked pants which he said were given him. Investigation proved them similar to those taken from Jacks' store.
